## SYNTHESIS OF ESTETROL VIA ESTRONE DERIVED STEROIDS

## ABSTRACT OF THE DISCLOSURE

A process is provided for the making of estetrol starting from a 3-A-oxy-estra 1,3,5(10),15-tetraen-17-one, wherein A is a  $C_1$ - $C_5$  alkyl group, preferably a methyl group, or a  $C_7$ - $C_{12}$  benzylic group, preferably a benzyl group. This process is particularly suitable to industry.
